Overall Length:

7.750 inches

Overall Diameter:

4.750 inches

Lamp Base Type Accommodated:

Medium screw

Illumination Directing Device Type:

Globe

Voltage Rating In Volts:

110.0 ac

Mounting Method:

Wall

Lamp Type Accommodated And Quantity:

1 incandescent

Electrical Connector Receptacle Mating Member Accommodation:

Connector, plug, external, standard parallel, 2 blade

Material:

Glass illumination directing device

Surface Treatment:

Chromium body

Shape:

Tapered

Terminal Type And Quantity:

2 screw

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A06300
