Overall Length:

48.125 inches

Overall Height:

4.438 inches

Overall Width:

6.125 inches

Lamp Base Type Accommodated:

Medium bipin

Wiring Provision Method:

Individual wire

Illumination Directing Device Type:

Internal reflector

Voltage Rating In Volts:

120.0 ac

Lamp Type Accommodated And Quantity:

1 fluorescent

Material:

Steel illumination directing device

Surface Treatment:

Enamel illumination directing device

Shape:

Rectangular

Terminal Type And Quantity:

2 wire lead

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A06300
