**Hazardous Locations/environmental Protection:**

Watertight

**Overall Length:**

2.750 inches

**Lamp Base Type Accommodated:**

Double contact bayonet candelabra

**Wiring Provision Method:**

Individual wire

**Illumination Directing Device Type:**

Window

**Voltage Rating In Volts:**

115.0 ac

**Mounting Method:**

Unthreaded hole

**Features Provided:**

Switch

**Lamp Type Accommodated And Quantity:**

1 incandescent

**Material:**

Plastic illumination directing device

**Shape:**

Round

**Terminal Type And Quantity:**

4 wire lead

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A06300
