Hazardous Locations/environmental Protection:

Watertight

Overall Length:

2.750 inches

Lamp Base Type Accommodated:

Double contact bayonet candelabra

Wiring Provision Method:

Individual wire

Illumination Directing Device Type:

Window

Voltage Rating In Volts:

115.0 ac

Mounting Method:

Unthreaded hole

Features Provided:

Switch

Lamp Type Accommodated And Quantity:

1 incandescent

Material:

Plastic illumination directing device

Shape:

Round

Terminal Type And Quantity:

4 wire lead

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A06300
