Hazardous Locations/environmental Protection:

Raintight and gastight

Overall Length:

9.375 inches

Overall Diameter:

4.250 inches

Lamp Base Type Accommodated:

Medium screw

Wiring Provision Method:

Individual wire

Illumination Directing Device Type:

Globe

Wiring Provision Length:

6.0 inches all provisions

Lamp Type Accommodated And Quantity:

1 incandescent

Lamp Protection Device:

Closed end wire guard

Material:

Glass illumination directing device

Shape:

Straight

Terminal Type And Quantity:

2 wire lead

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A06300
