Overall Length:

24.000 inches

Overall Height:

1.875 inches

Overall Width:

4.500 inches

Lamp Base Type Accommodated:

Medium bipin

Illumination Directing Device Type:

Reflector

Voltage Rating In Volts:

120.0 ac

Mounting Method:

Wall

Lamp Type Accommodated And Quantity:

2 fluorescent

Material:

Steel illumination directing device

Surface Treatment:

Enamel baked illumination directing device

Shape:

Rectangular

Furnished Items And Quantity:

1 ballast

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A06300
