Hazardous Locations/environmental Protection:

Shock proof

Overall Length:

29.000 inches

Overall Height:

4.125 inches

Overall Width:

7.250 inches

Lamp Base Type Accommodated:

Miniature bipin

Wiring Provision Method:

Cable assembly

Illumination Directing Device Type:

Globe and window

Wiring Provision Length:

72.0 inches single provision

Voltage Rating In Volts:

115.0 ac

Lamp Type Accommodated And Quantity:

4 fluorescent

Material:

Aluminum body

Surface Treatment:

Enamel body

Shape:

Rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A06300
