Overall Length:

96.500 inches

Overall Height:

4.689 inches

Overall Width:

11.125 inches

Lamp Base Type Accommodated:

Recessed double contact

Wiring Provision Method:

Individual wire

Illumination Directing Device Type:

Louver

Wiring Provision Length:

18.000 inches single provision

Voltage Rating In Volts:

600.0 ac

Mounting Method:

Suspension

Lamp Type Accommodated And Quantity:

2 flashtube

Lamp Protection Device:

Grill

Material:

Steel illumination directing device

Surface Treatment:

Enamel illumination directing device

Shape:

Straight

Terminal Type And Quantity:

2 wire lead

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A06300
