**Overall Length:**

6.500 inches

**Overall Diameter:**

3.250 inches

**Lamp Base Type Accommodated:**

Medium screw

**Illumination Directing Device Type:**

Globe

**End Application:**

W/s: aircraft, starlifter c-141; defense, communications radio (9 systems); aircraft, galaxy c-5

**Voltage Rating In Volts:**

Not rated

**Mounting Method:**

Wall

**Lamp Type Accommodated And Quantity:**

1 incandescent

**Material:**

Glass illumination directing device

**Unpackaged Unit Weight:**

2.275 pounds

**Surface Treatment:**

Any acceptable body

**Shape:**

Straight

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A06300
