Hazardous Locations/environmental Protection:

Radio frequency radiation suppressive

Overall Length:

1.035 inches

Overall Width:

0.735 inches

Mounting Device Quantity:

1

Mounting Method:

Press fit

Light Transmission Design:

Translucent lens

Color:

White lens

Material:

Plastic lens

Precious Material And Location:

Rfi shield silver

Precious Material And Weight:

0.040 silver grains, troy

Precious Material:

Silver

Surface Condition:

Smooth back

Style Designator:

Flat

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A528d0
