Hazardous Locations/environmental Protection:

Any acceptable

Overall Length:

10.625 inches

Overall Height:

Any acceptable

Overall Width:

9.375 inches

Lamp Base Type Accommodated:

Double contact bayonet candelabra

Illumination Directing Device Type:

Globe

Voltage Rating In Volts:

Not rated

Mounting Method:

Screw

Lamp Type Accommodated And Quantity:

1 incandescent

Material:

Glass illumination directing device

Surface Treatment:

Enamel body

Shape:

Rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A06300
