End Application:

Training set, control tower simulator, jetds an/gsn-t3

General Description:

4.437 in. H, 3.560 in. O/a dia, 28.0v dc starting voltage, 19.0v dc illuminator voltage, 26a dc current, 12.0v dc starting electrode current, 500w input power, horizontal operatingposition

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
