Hazardous Locations/environmental Protection:

Shock resistant and vibration resistant

Overall Length:

1.200 inches

Overall Width:

1.110 inches

Mounting Device Quantity:

4

Mounting Method:

Screw

Light Transmission Design:

Transparent lens

Inscription:

Trim back and hull back and valve back

Color:

Clear lens

Material:

Plastic methyl methacrylate lens

Surface Condition:

Smooth back

Style Designator:

Flat

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A528d0
