Hazardous Locations/environmental Protection:

Impact resistant

Overall Length:

0.500 inches

Overall Width:

0.500 inches

Mounting Device Quantity:

1

Mounting Method:

Press fit

Light Transmission Design:

Translucent lens

Color:

Red lens

Material:

Plastic lens

Material Specification:

L-p-349 federal specification single material response lens

Surface Condition:

Smooth back

Style Designator:

Flat

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A528d0
