Hazardous Locations/environmental Protection:

Waterproof, saltwater, vapor, and weather resistant

Lamp Base Type Accommodated:

Medium screw

Illumination Directing Device Type:

Globe

Voltage Rating In Volts:

120.0 ac

Mounting Method:

Unthreaded hole

Features Provided:

Switch

Lamp Type Accommodated And Quantity:

1 incandescent

Lamp Protection Device:

Closed end wire guard

Material:

Glass illumination directing device

Shape:

Round

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A06300
