Hazardous Locations/environmental Protection:

Saltwater resistant, vapor, and waterproof

Lamp Base Type Accommodated:

Medium screw

Illumination Directing Device Type:

Globe

Voltage Rating In Volts:

120.0 ac

Mounting Method:

Bracket

Lamp Type Accommodated And Quantity:

1 incandescent

Lamp Protection Device:

Closed end wire guard

Special Features:

W/shield for globe

Material:

Glass illumination directing device

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A06300
