Width:

3.310 inches

Depth:

1.650 inches

Usage Design:

Indoor

Voltage In Volts And Current Type:

24.0 dc

Special Features:

Energy saver; auxillary equip. Required; wattstopper power packs p/n a120-e, 120v, p/n a277-e, 277v; mounting brackets available, p/n cm-100, ceiling bracket, p/n br-1, swivel bracket; 28ma current; 90 linear ft. Coverage; integrated light level sensor 2.5 to 430 fc; adjustable time-delay of 15 sec to 15 min; adjustable sensitivities

Height:

5.040 inches

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07600
