**Overall Length:**

48.000 inches

**Overall Height:**

5.750 inches

**Overall Width:**

23.780 inches

**Lens Color:**

White

**Lens Transparency:**

Translucent

**Illumination Directing Device Type:**

Louver

**Voltage Rating In Volts:**

120.0 ac

**Lamp Type Accommodated And Quantity:**

2 fluorescent

**Special Features:**

T-8 low harmonic instant start electronic ballast; energy efficient

**Material:**

Steel body

**Surface Treatment:**

Paint body

**Shape:**

Rectangular

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A06300
