Overall Length:

48.000 inches

Overall Height:

5.750 inches

Overall Width:

23.780 inches

Lens Color:

White

Lens Transparency:

Translucent

Illumination Directing Device Type:

Louver

Voltage Rating In Volts:

120.0 ac

Lamp Type Accommodated And Quantity:

2 fluorescent

Special Features:

T-8 low harmonic instant start electronic ballast; energy efficient

Material:

Steel body

Surface Treatment:

Paint body

Shape:

Rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A06300
