Overall Length:

0.790 inches

Overall Diameter:

Between 0.440 inches and 0.443 inches

Effective Diameter:

0.421 inches

End Application:

Missile systems nato sea sparrow

Mounting Method:

External thread

Light Transmission Design:

Translucent lens

Color:

Amber lens

Material:

Plastic cellulose acetate butyrate holder

Surface Condition:

Smooth back

Style Designator:

Convex

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A528d0
