Overall Length:
0.790 inches
Overall Diameter:
Between 0.440 inches and 0.443 inches
Effective Diameter:
0.421 inches
End Application:
Missile systems nato sea sparrow
Mounting Method:
External thread
Light Transmission Design:
Translucent lens
Color:
Amber lens
Material:
Plastic cellulose acetate butyrate holder
Surface Condition:
Smooth back
Style Designator:
Convex
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A528d0
