**Special Features:**

Hintegral 24v dc transformer; includes isolated relay contact; full wave dc rectifier converts 277v ac to 24v dc for power supply to low voltage sensors; has class 2 plenum leads for low voltage hookup

**General Description:**

208-240v; 50/60hz; current 20a ballast; load 4500w

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No
