| Overall Length:  |
|--|
| 48.000 inches  |
| Overall Height:  |
| 3.625 inches   |
| Overall Width:   |
| 11.875 inches  |
| Lamp Base Type Accommodated:                           |
| Medium bipin   |
| Voltage Rating In Volts:                               |
| 277.0 ac   |
| Mounting Method:                                       |
| Surface box  |
| Lamp Type Accommodated And Quantity:                   |
| 2 fluorescent  |
| Special Features:                                      |
| 095 pat 12 lens type; t8 lamp type; electronic ballast |
| Material:  |
| Steel body   |
| Shape:   |
| Rectangular  |
| Shelf Life:  |
| N/a  |
| Unit Of Measure:                                       |
|  |
| Demilitarization:                                      |
| No   |
| Fiig:  |
| A06300   |
