Overall Length:

48.000 inches

Overall Height:

3.700 inches

Overall Width:

23.700 inches

Lamp Base Type Accommodated:

Medium bipin

Voltage Rating In Volts:

120.0 ac

Mounting Method:

Lay in

Lamp Type Accommodated And Quantity:

4 fluorescent

Lens Surface Condition:

Prismatic face

Special Features:

F32t8 lamps; troffer; electronic octron type ballast

Material:

Steel base

Surface Treatment:

Enamel baked body

Shape:

Rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A06300
