# NSN 6210-01-450-4676

Lighting Fixture - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/6210-01-450-4676

Overall Length:
24.000 inches
Overall Height:
5.812 inches
Overall Width:
24.000 inches
Lamp Base Type Accommodated:
Medium bipin
Voltage Rating In Volts:

277.0 ac

# **Mounting Method:**

Recessed

Lamp Type Accommodated And Quantity:

2 fluorescent

#### Special Features:

Parabolic lens; 8 cells; f32t8 lamp; electronic ballast less than or equal to 20% thd

#### Material:

Steel body

#### Surface Treatment:

Anodize illumination directing device

# Shape:

Rectangular

# Shelf Life:

N/a

### Unit Of Measure:

---

### Demilitarization:

No

# Fiig:

A06300
