Overall Length:

48.000 inches

Overall Height:

6.000 inches

Overall Width:

23.750 inches

Lamp Base Type Accommodated:

Medium bipin

Voltage Rating In Volts:

120.0 ac

Mounting Method:

Recessed

Lamp Type Accommodated And Quantity:

3 fluorescent

Special Features:

9 reflector cells; total harmonic distortion <20%; electronic ballast; uses 40w biax lamps; static air function

Material:

Steel body

Surface Treatment:

Enamel baked body

Shape:

Rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A06300
