Overall Length:

24.000 inches

Overall Height:

5.625 inches

Overall Width:

23.375 inches

Lamp Base Type Accommodated:

Miniature bipin

Voltage Rating In Volts:

277.0 ac

Mounting Method:

Recessed

Lamp Type Accommodated And Quantity:

3 fluorescent

Special Features:

3.5 inch deep parabolic louvers; 9 cells; electronic ballast; t5 size lamp

Material:

Steel body

Surface Treatment:

Anodize illumination directing device and oxide illumination directing device

Shape:

Rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A06300
