Overall Length:
31.312 inches
Overall Height:
3.875 inches
Overall Width:
9.312 inches
Filter Color:
Red
Lamp Base Type Accommodated:
Medium bipin
Voltage Rating In Volts:
115.0 ac
Mounting Method:
Flush
Lamp Type Accommodated And Quantity:
2 fluorescent
Charlet Factures
Special Features:
Includes io ballast
Includes io ballast
Includes io ballast Material:
Includes io ballast Material: Aluminum body
Includes io ballast Material: Aluminum body Surface Treatment:
Includes io ballast Material: Aluminum body Surface Treatment: Enamel baked body
Includes io ballast Material: Aluminum body Surface Treatment: Enamel baked body Shape:
Includes io ballast Material: Aluminum body Surface Treatment: Enamel baked body Shape: Rectangular
Includes io ballast Material: Aluminum body Surface Treatment: Enamel baked body Shape: Rectangular Shelf Life:
Includes io ballast Material: Aluminum body Surface Treatment: Enamel baked body Shape: Rectangular Shelf Life: N/a
Includes io ballast Material: Aluminum body Surface Treatment: Enamel baked body Shape: Rectangular Shelf Life: N/a
Includes io ballast Material: Aluminum body Surface Treatment: Enamel baked body Shape: Rectangular Shelf Life: N/a Unit Of Measure:
Includes io ballast Material: Aluminum body Surface Treatment: Enamel baked body Shape: Rectangular Shelf Life: N/a Unit Of Measure: Demilitarization:
Includes io ballast Material: Aluminum body Surface Treatment: Enamel baked body Shape: Rectangular Shelf Life: N/a Unit Of Measure: Demilitarization: No
