Hazardous Locations/environmental Protection:
Damp locations
Overall Diameter:
25.000 inches
Lens Color:
Colorless
Illumination Directing Device Type:
External reflector
Voltage Rating In Volts:
Between 120.0 ac and 277.0 ac
Mounting Method:
Ceiling
Lamp Type Accommodated And Quantity:
1 metallic iodides
Lens Surface Condition:
Prismatic face
Special Features:
Includes a hook and a 3 foot cord
Material:
Plastic acrylic case
Shape:
Irregular
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A06300
