Hazardous Locations/environmental Protection:

Damp locations

Overall Diameter:

25.000 inches

Lens Color:

Colorless

Illumination Directing Device Type:

External reflector

Voltage Rating In Volts:

Between 120.0 ac and 277.0 ac

Mounting Method:

Ceiling

Lamp Type Accommodated And Quantity:

1 metallic iodides

Lens Surface Condition:

Prismatic face

Special Features:

Includes a hook and a 3 foot cord

Material:

Plastic acrylic case

Shape:

Irregular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A06300
