**Hazardous Locations/environmental Protection:**

Damp locations

**Overall Diameter:**

25.000 inches

**Lens Color:**

Colorless

**Illumination Directing Device Type:**

External reflector

**Voltage Rating In Volts:**

Between 120.0 ac and 277.0 ac

**Mounting Method:**

Ceiling

**Lamp Type Accommodated And Quantity:**

1 metallic iodides

**Lens Surface Condition:**

Prismatic face

**Special Features:**

Includes a hook and a 3 foot cord

**Material:**

Plastic acrylic case

**Shape:**

Irregular

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A06300
