Overall Height:

14.140 inches

Overall Width:

15.540 inches

End Application:

Digital terminal radar airport surveillance radar (asr11)

Voltage Rating In Volts:

240.0 ac

Lamp Type Accommodated And Quantity:

2 incandescent

Product Name:

Led obstruction light

Special Features:

Common item name light, dual solidstate obstruction; lamp assembly with dual base; self-contained wiring compartment; threaded 1 inch bottom hub for mounting

Shape:

Irregular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A06300
