Overall Height:

11.140 inches

Overall Width:

5.790 inches

Lamp Base Type Accommodated:

Two contact lugs

End Application:

Tower lighting systems (tls)

Voltage Rating In Volts:

240.0 ac

Lamp Type Accommodated And Quantity:

1 incandescent

Product Name:

Led obstruction light

Special Features:

Common item name lighting, solidstate obstructionp lamp assembly with self contained wiring compartment; single fixture; threaded 1 inch bottom hub for mounting; adaptple to crouse-hinds vaw series housing base; color red led

Shape:

Irregular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A06300
