Hazardous Locations/environmental Protection:
Driptight
Overall Length:
23.750 inches
Overall Height:
7.500 inches
Overall Width:
11.750 inches
Lamp Base Type Accommodated:
Medium bipin
Lens Color:
Colorless
Lens Transparency:
Transparent
Voltage Rating In Volts:
120.0 ac
Mounting Method:
Flush
Features Provided:
Emergency power supply
Lamp Type Accommodated And Quantity:
3 fluorescent
Lens Surface Condition:
Prismatic face
Special Features:
608 series fixture supplied with three t12 17-watt cool white lamps, 10 feet of cable and a built-in battery pack with 5 hour emergency
capability
Material:
Aluminum body
Shape:
Rectangular
Shelf Life:
N/a
Unit Of Measure:
-
Demilitarization:
No
Fiig:
A06300
