**Overall Length:**

4.000 inches

**Overall Height:**

14.500 inches

**Overall Width:**

12.500 inches

**Ac Voltage Rating:**

120.0 volts

**End Application:**

Machinery control system

**Indicator Type:**

Light and switch

**Special Features:**

Unground neutral, man overboard, rotary switch for task lighting, alarm lamp dimmer, dual power sources, power failure indicator, 4 dual lamp circuits

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T122-b
