Overall Length:

4.750 inches

Overall Diameter:

3.625 inches

Lens Color:

Red

Light Beam Motion:

Flashing

End Application:

Pumping u

Voltage Rating In Volts:

Between 12.0 dc and 48.0 dc

Lamp Type Accommodated And Quantity:

1 incandescent

Product Name:

High intensity beac

Special Features:

Name on tech data-high intensity strobe module; part of 105 series-adapter beacon adverse location signal (type 4x marine rated, div 2, ul 1971 listed model); 8 joule strobe; peak candlepower-800, 000; current-0.05 a.

Shape:

Round

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A06300
