Lens Color:

Green single light 1st position horizontal

End Application:

Ecd-02-cg47 controller

Lamp Type Accommodated And Quantity:

1 light emitting diode

Product Name:

Green pilot light

Special Features:

Provides green light display that pump a or b is operational; dc voltage is 24.0

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A065a0
