End Application:

Panel, forward hovering

Voltage In Volts And Current Type:

28.0 ac

Product Name:

Led indicator

Precious Material:

Gold

General Description:

Solderless quick-connect common termination system; gold plate contact material; single circuit, one common; standard designation; one input, all 4 quadrants connected; common anode

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A23900
