End Application:
Panel, forward hovering
Voltage In Volts And Current Type:
28.0 ac
Product Name:
Led indicator
Precious Material:
Gold
General Description:
Solderless quick-connect common termination system; gold plate contact material; single circuit, one common; standard designation; one
nput, all 4 quadrants connected; common anode
Shelf Life:
N/a
Unit Of Measure:
-
Demilitarization:
No
Filg:
423900
