**End Application:**

Panel, forward hovering

**Voltage In Volts And Current Type:**

28.0 ac

**Product Name:**

Led indicator

**Precious Material:**

Gold

**General Description:**

Solderless quick-connect common termination system; gold plate contact material; single circuit, one common; standard designation; one input, all 4 quadrants connected; common anode

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A23900
