End Application:

Straddle lift, carrier

Product Name:

Led element, front, green

Special Features:

Screw terminals; operational voltage: 12-30v ac/dc; operational current: 8-15ma; power consumption 0.26w at 24v; front-fixing

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A110a0
