Overall Length:

16.500 inches

Overall Height:

1.312 inches

Overall Width:

4.938 inches

End Application:

Fixture, lighting solid state led

Voltage Rating In Volts:

120.0 ac

Mounting Method:

Bulkhead

Product Name:

Led berth light

Special Features:

60hz, 6watts, 198 lumen output, wiring: 10 ft. 16/5 power cord, type sto, awg size 18/5, five conductor; lamp life: 50,000 hrs. To 70% lumen maintenance, operating temp range: -40 to +50 degrees c.

Material:

Aluminum body

Surface Treatment:

Enamel baked body

Shape:

Rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A06300
