Inclosure Material:

Plastic

End Application:

Airport surface detection equipment, mode x (asde-x)

Voltage Rating In Volts Per Characteristic:

120.00 base supply voltage

Product Name:

Yellow led module

Special Features:

22mm; nema rating 1, 2, 3, 4, 12, 13; standards ul, csa and ce; weight, 0.100000 lbs

Terminal Type And Quantity:

1 clamp

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A110a0
