Inclosure Material:
Plastic
End Application:
Airport surface detection equipment, mode x (asde-x)
Voltage Rating In Volts Per Characteristic:
120.00 base supply voltage
Product Name:
Yellow led module
Special Features:
22mm; nema rating 1, 2, 3, 4, 12, 13; standards ul, csa and ce; weight, 0.100000 lbs
Terminal Type And Quantity:
1 clamp
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A110a0
