Overall Length:

2.235 inches

Overall Diameter:

1.12 inches

Lens Color:

Green single light 1st position vertical

End Application:

Misc parts pr

Mounting Method:

Panel

Product Name:

(inay) indicator, panel, gre; high intensity led panel mount indicator for 1" mounting hole watertight nema 4x ip66

Special Features:

Flat lens; description: panel indicator 1" dia, green, led, nema4x, 125v, 9.5ma, 1800fl (luminance)

Material:

Plastic polycarbonate lens

Surface Treatment:

Nickel body

Style Designator:

Slot type

Terminal Type And Quantity:

2 solder lug w/screw

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A065a0
