Mounting Hole Diameter:

0.6875 inches

Mounting End Diameter:

0.6875 inches

End Application:

Telephone ids

Light Transmission Design:

Transparent lens

Holder Surface Treatment:

Nickel

Product Name:

White convex pmi cap, transparent

Special Features:

Mounting method: nut and washer; hardware is water tight;

Color:

White lens

Material:

Plastic polycarbonate lens

Style Designator:

Convex

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A528d0
