Lens Quantity:

1

End Application:

Lead-in lighting system (ldin)

Lens Mounting Method:

Screw in

Mounting Method:

Panel

Product Name:

Led panel mount indicator

Special Features:

Led color, green; forward current if, 3ma; forward voltage, 230v; luminous intensity, 11mcd; mounting hole dia., 14mm; material, brass; bezel dia., 16mm; bulb size, 10mm; external dia., 16.0mm; fixing hole dia., 14.5mm; led lamp size, 10mm; operating life time, 60000h; terminal type, 2.8mm x 0.8mm; thread pitch, 1mm; thread size, m14; operating temp, -25 degrees c to +60 degrees c

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A065a0
