Hazardous Locations/environmental Protection:

Waterproof and corrosion proof

Overall Length:

5.312 inches

Overall Height:

1.375 inches

Overall Width:

2.125 inches

Lamp Base Type Accommodated:

Miniature bayonet

Lens Color:

Blue

Lens Transparency:

Translucent

Wiring Provision Method:

Individual wire

Mounting Method:

Bolt

Features Provided:

Removable light filter

Special Features:

Flat surface mtd; four 7/32 in. Diameter mtg holes spaced 3-7/8 in. W/3/16 in. C to c; rubber pad to absorb shock

Material:

Iron body

Surface Treatment:

Paint body

Terminal Type And Quantity:

1 wire lead

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A06300
