Wiring Provision Method:

Individual wire

Wiring Provision Length:

36.000 inches second provision

Mounting Method:

Unthreaded hole

Surface Treatment:

Enamel body

Surface Treatment Specification:

Mil-e-5558, type 1 military specification single treatment response body

Terminal Type And Quantity:

2 wire lead

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A06300

Mil-std (military Standard):

Mil-e-5558 spec.
