Overall Length:

5.700 inches

Overall Width:

2.195 inches

End Application:

5826-01-015-0839, navigation set, tacan, an/arn-118

Emitted Light Characteristic:

Clear and red

Usage Design:

Panel, lighting

Indicator Type:

Light

Surface Treatment:

Anodize

Supplementary Features:

Oper temp range: m62 to p95 degrees c; panel assembly is to be supplied without lamps but must be capable of using front replaceable clear lamps for white lighting (5v) or red coated lamps (28v)

Surface Treatment:

Anodized black

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T122-b
